1.They're gon - na' have a meet - ing down at the church, to - day:
2.That fam - i - ly just down the street moved in re - cent - ly:
3.The church van needs a driv - er and you could join the choir.
4.When did the Sa - vior lim - it His bound - less love for you?

Pas - tor says we need re - vi - val, so we're gon - na' pray;
They don't go to church, it seems, as far as you can see.
Sure, we can't do ev - 'ry - thing; but, you say they should hire
When did He say, "I've worked long e - nough and now I'm through?"

But, you called him up this morn - ing and I heard you say,
You could go and check it out, in - vite them po - lite - ly;
Some - one who could do these things, 'cause you want to re - tire
If we would be His dis - ci - ples, here's what we must do:

G7 C

"I can't be there: I've got plans to meet my friends and play."
 But, you fear re - jec - tion so you say, "I'll let them be."
 From re - spon - si - bil - i - ty to fol - low your de - sire.
 Set a - side our own de - sires and to His call be true.
